

Squeeze Box

Catalog # 39927

All Aluminum and Stainless Steel Construction.

Stainless Steel Speedy Acme Screw: The squeeze operates by turning the handle, engaging the Acme Screw, minimizing the space inside the box.

Rigid Squeeze travels on UHMW slide bearings, preventing metal on metal contact.

Guillotine doors on both ends, locked with a Stainless Steel latch.

Carrying handle brackets on each end.

A temporary privacy panel can be inserted on tracks outside of the cage for covering the animal while transporting.

Removable Stainless Steel Waste Pan.

Size of box shown is: 25" Tall x 31" Long x 17" Wide

Custom Sizes Available.
