

# Pivoting Feeder

## Catalog # 50888

All 304 Stainless Steel construction.

Custom sized to fit existing Pens currently being used.

Size of openings are approximately 3-1/2" tall x 14" long.

Feeders will be slightly smaller to fit openings.

Feeder will be made to bolt-onto existing Pens.

Feeder pivots on 1/2" SS Rod.

A spring-loaded latch provided to lock feeder in pen.

Feeder is removable for washing.

Feeder will pivot out side of Pen to allow the Feeder to be re-filled with food.

The pivot wall the Feeder hangs on will act as a barrier when the Feeder isn't being used.

All Stainless Fasteners are provided for assembly to existing Pens.

Customer responsible for installation.

Units are Bead Blasted to a Matte Finish.
