

Dividers

All Aluminum Construction.

Various sizes available. Dividers shown fit a standard 4.5 Ft.2 Cage.

Divider to right is a visual divider. Allows animals to see each other, without contact. Another visual divider option is a full lexan panel.

Divider below is a solid divider, completely blocking visual contact with another animal.

Our grooming / contact divider have bars on divider allowing animals to have contact with each other.

Any size is available.
