

Stacked Dog Housing Units

Catalog # 48912

Two-Over-Two Configuration.

Unit can convert into a Two Over One configuration with the bottom cage having a removable center wall divider, expanding the floor space for a larger animal.

Center Wall Divider to be made of 3/8" thick thermal neutral material with secure latch.

Overall dimensions are ~47-3/4" wide x 30" deep x 60" tall. Each cage has 4.5 sq. ft. of floor area. Interior height of each cage is approximately 26" tall.

Rack is supported on (4) SS Casters with 4" Dia. X 1-1/2" wide wheels.

Doors have spring loaded SS Latches to secure them in locked position, and ventilation openings to allow adequate air circulation.
