

Service Cart

Catalog # 35994

The Service Cart made by C2SI is made out of Stainless Steel. There is a handle for ease of use in pushing the cart. A clear Rubbermaid Tub #3301 sets inside of the Stainless Steel tube frame, for a low center of gravity. The cart is on Stainless Steel 4" poly casters. A shelf on the bottom is sloped for drainage. We can make this cart any size you may need for your facility.
