

Storage Cart

Catalog # 42913

Designed to accommodate existing cage doors the storage cart allows multiple doors to be sanitized at once. Base frame is constructed of 1-1/2" stainless steel box tube and supported by 5" casters. The floor and walls are made of SS rod; which secures doors in place and allows proper sanitization. Front of the cart has no wall or obstruction so doors can easily be loaded and unloaded. Handles are present on both ends to help maneuver the cart.

Overall dimensions: 34" wide x 30" tall x 72" long - Comfortably fits 13 C2SI cage doors

Constructed of all #304 stainless steel - Bead Blasted to a matte finish - Autoclavable
